The collage features a wide variety of logos from companies in the aluminum and metal sectors. The logos are arranged in a grid-like fashion, showcasing a mix of Indian and international brands. Some logos include text in multiple languages, such as Hindi and English. The companies represented include major players like Alcoa, NALCO, Vedanta, Balco, and Him, as well as numerous smaller regional and specialized firms. The logos vary in design, with some being text-based and others featuring graphical elements like icons or symbols. The overall presentation is a comprehensive visual directory of the industry's participants.
